

Architecture Project Manager

SP+A, an award-winning architecture, engineering and interior design practice, is currently seeking an architect with 5-7 years of experience in a design-oriented office to assist and/or lead production of educational/municipal/workplace projects and more.

This individual will thrive in a collaborative in-house environment of architects, engineers and interior designers, be focused on preparing quality work, and possess a strong ability to manage project tasks and support business development.

The qualified candidate will participate in meetings with clients, consultants, and the design team. We are seeking a motivated person with exceptional technical skills, design ability, and time-management skills to successfully execute construction documents and meet project deadlines.

Applicants should have a clear knowledge of building systems, sustainability practices, and an understanding of appropriate constructability within a project budget. Excellent communication and leadership skills, a five-year bachelor's degree or master's degree in Architecture, 5-7 years of experience, and advanced knowledge of Revit, Sketchup and AutoCAD is required. A licensed/registered architect with LEED certification (or near licensure and certification) is preferred.

SP+A is in office 5 days per week. We're eager to learn more about your qualifications and interest in joining our team! Please submit your resume and portfolio to: info@silverpetrucelli.com

SP+A is committed to generating opportunities for next-generation architects, engineers and designers to tackle projects with attention to design and technical excellence.
